SNOOZE IN THE ZOO PROGRAMS

Naturally Nocturnal

Ever wondered what it is like to stay up all night and sleep during the day? Being nocturnal requires animals to have some unique adaptations and you’ll learn just how bats, owls, and other animals survive at night while seeing the zoo in the dark!

Zookeeper for a Night

Think a career at the zoo is for you? Find out as we create enrichment items, do training games, and learn about animal welfare.

Calls, Croaks, and Communications

From peacocks to chimpanzees, animals communicate in a variety of ways! Come spend the night at the zoo and discover all of the techniques animals use to interact with one another. After a zoo snooze, I bet you will be able to recognize animals communicating all around!
