

Twilight Programs

Creatures of the Night: A Citizen Science Safari

Join us at the zoo after hours for a hands-on adventure into the world of nocturnal wildlife! Families will become citizen scientists as we investigate the secret lives of animals that come alive at night. Through guided observations, data collection activities, and up-close encounters, participants will learn how scientists study nocturnal species—and how you can help from home. Bring your curiosity and your flashlight for this unique nighttime learning experience!

Zookeeper for the Evening

Get ready for an after-hours adventure where you become part of the zoo team! In this exciting twilight program just for kids, you'll step into the world of zookeepers through hands-on fun activities. Create enrichment for animals, take a night tour of the zoo, and go behind the scenes in special keeper-only areas. Discover how we care for animals—and learn what it really takes to be a zookeeper!

Wildlife Wellness: Twilight Edition

Explore the world of animal care in this special after-hours program just for teens! Step into the role of a zoo vet tech during a hands-on learning lab, take a behind-the-scenes tour of the zoo's animal hospital, and head out on a guided night hike to see how animals behave at night. Perfect for teens interested in animals or careers in wildlife care!
